Mimboman, Yaonde

About Me

Motivated Computer Science student with hands-on experience in web development and programming. Skilled in PHP, Laravel, MySQL, and Python, with a strong problem-solving mindset and attention to detail. Eager to apply technical skills in real-world projects and grow as a software developer.

Skills

- MS Office
- Infographics
- Laravel
- PHP
- C Language

Language

- French: Native
- Engidh: Very Good
- German: Intermediate

Hobbys

- Reading
- Basketball

Education

- **African Institute of Computer Science**
November 2025 - Now
Currently pursuing a degree in Computer Science, building expertise in software development, algorithms, databases, and modern web technologies.
- **GCE Advanced Level**
Peace Home Secondary School September 2022 - June 2024
Focused on specialized subjects, developing critical thinking, independent research, and analytical skills in preparation for higher education.
- **GCE Ordinary Level**
Peace Home Secondary School september 2019 - June 2022
Built a strong foundation in core academic subjects including Mathematics, English, and Science, with emphasis on problem-solving and learning fundamentals.
- **Secondary Education**
Holy Infant High School september 2017 - June 2019
Gained foundational secondary education skills, including literacy, numeracy, and basic scientific knowledge.
- **Peace Home Academic Complex**
september 2012 - June 2017
Completed primary education with strong fundamentals in reading, writing, arithmetic, and social skills.

Experience

Technical Skills & Projects:

- C Programming: Implemented algorithms (searching, sorting) and built systems like a Library Manager and billing applications.
- Arduino: Developed embedded systems using sensors, motors, and microcontrollers.
- PHP, MySQL & Laravel: Built web applications (e.g., Receipt Manager, Portfolio), with experience in MVC, CRUD, authentication, and database design.
- Python: Developed API-integrated applications such as a live currency converter.

Experience:

- Web Developer, Lahhtech (1 year 3 months): Developed and maintained web applications, focusing on scalable and production-ready solutions.
